

Did Seizure of Wireless Near Kenwood Have any Connection With Aeroplane Seen Here Last Week, Is Question of Intense Interest

The seizure of a wireless plant on Hood Mountain has given rise to the question as to whether the presence of the radio outfit had anything to do with the mysterious aeroplane seen in the sky about four miles from town last week by Joe Ryan and the people of our valley.

Although the authorities have absolved Ludwig A. Tyce and family, owners of the wireless from any complicity in a plot, the fact remains that the government orders that such plants, whether amateur or not should be dismantled, were ignored and deliberately for the Tyce family although high on Hood Mountain came to Kenwood at intervals and read newspapers which published notices that such wireless outfits would be regarded as contraband.

The apparatus was no amateurish outfit and its presence on the mountain has been suspected for some time.

Saturday afternoon Sheriff Smith and District Attorney Hoyle after having located the plant through powerful glasses descended upon the Tyce ranch and dismantled it. No arrests followed, the Tyces claiming to be innocent and no incriminating evidence being found on the premises to justify holding them. The Department of Justice followed up the seizure with a minute investigation and sifted the facts without result. However the fact that a mysterious and unaccounted for an airplane was flying over Sonoma Valley after night last Wednesday and was heard several nights as its motor sang in the air has caused suspicion to attach itself to the subsequent discovery.

It is rumored that a stranger in his cups grew garrulous at one of the resorts, one night recently upon the valley and confided in companions that he had made several flights over this section. A description of the stranger was given to the authorities.

Miss White, the fine looking typical beautiful California girl from Fetters Springs. Miss Gassner, who is vivacious and charming enough to preside over any court, and Miss Mildred Banker, the blonde Glen Ellen girl, who has a commanding presence and most pleasing personality. What more lovely array from which to choose? When the votes are all counted Sonoma Valley is sure to have a handsome daughter of the Golden West on the throne, whether born in our

SUDDEN DEATH OF MRS. HALL

Passes Away From Heart Failure After Slight Indisposition. Great Shock to Community.

Mrs. Denia Hall beloved by a large circle of friends and admired by the entire valley for the years of devotion to her late husband, Robert Hall, the pioneer and wealthy orchardist, died suddenly at 3 o'clock Thursday of heart failure. Mr. Hall passed away just a year ago and his widow never recovered from the long vigil at his bedside and the strain of managing his business affairs during the years preceding his death and afterwards.

Sunday she was seized with what seemed acute indigestion. Her physician, Dr. Gobar, was summoned but being out of town, Dr. Hays was sent for. He ministered to the patient and when Dr. Gobar returned he took charge of the case and Mrs. Hall seemed much improved by Wednesday. On Thursday however while lying down she was suddenly seized with an attack which proved to be acute dilation of the heart and life was pronounced extinct by Dr. Gobar who reached her bedside shortly after the fatal stroke.

Mrs. Hall went east late last fall in hopes the visit and change would be beneficial to her health and returned feeling much benefited by the trip. However business matters troubled her and a law suit brought in the Superior Court of the county by a niece and nephew of Mr. Hall's in Boston caused much worry. Withal she was bright and cheery

as she came to town each morning to do her shopping and she will be sadly missed on our streets and by the clubs and fraternal organizations and church with which she was affiliated.

Deceased was formerly Miss Denia Carter and married Mr. Hall about eleven years ago. She was a clever business woman and ably managed the extensive orchard and packing plant south of town.

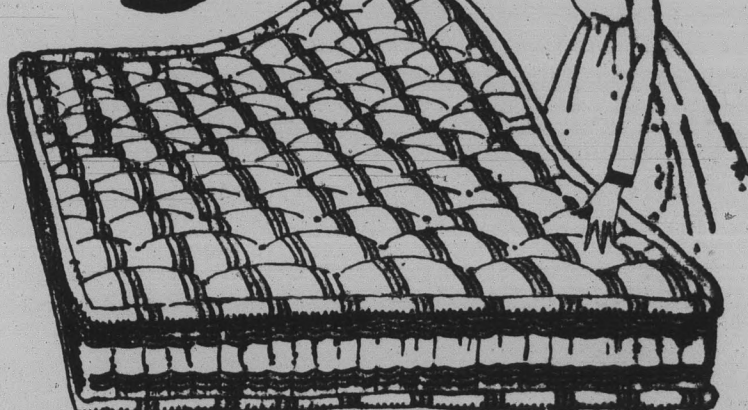

A mother, Mrs. Mary Carter now residing in Nebraska is left to mourn the loss of the beloved daughter and a sister and brother, Mrs. Dodge of San Francisco and Richard L. Carter also survive the deceased. The funeral services will take place Sunday afternoon at 2 o'clock. Cremation at Mt. Olivet, San Francisco the following day.

The Woman's Club out of respect to their deceased and highly esteemed member adjourned, yesterday upon the call of its regular meeting.

Charlie Chaplin will be on the boards at the Don during the celebration.

Sonoma and the Resource Survey

The resource survey of Sonoma Valley should bring to light some interesting data concerning our valley and should prove valuable as a guide to our adaptability in various lines of productivity. They will be able to tell what crops are most successful, what prosperity is synonymous with and how we should build up or repress along certain lines. It is to be an accurate and minute account, not for assessment or tax income determination and therefore uncolored.

The resource survey of Sonoma Valley should reveal fine hay crops, fruit of good quality, vineyards and well stocked cellars, grazing land with many fine cattle, dairy stock, some worth while hogs, poultry, truck gardens etc. The quantity and quality of our resources will be weighed and an exhaustive study made by experts. Every assistance should be given the duly constituted authorities along these lines.

- Q. WHEN DO I HAVE TO PAY THE REST?
A. \$18 on June 28th, \$20 on July 30th, \$30 on August 15, \$30 on August 30th; plus interest earned by the bond before it is paid for.
- Q. WOULD I PAY AT LIKE RATES FOR OTHER BONDS?
A. Yes. For a \$50 bond cut the figures in half. For a \$1,000 bond multiply them by ten.
- Q. CAN EASIER TERMS OF PAYMENT BE HAD?
A. Some banks are arranging to carry the payments for subscribers and collect in twelve monthly installments.
- Q. WHAT INTEREST DO THE BONDS PAY?
A. 3 1/2 per cent a year.

- Q. SUPPOSE THE GOVERNMENT SHOULD ISSUE MORE BONDS BEARING 4 OR 5 PER CENT INTEREST LIKE GREAT BRITAIN HAS DONE. WOULD'NT MY BONDS GO DOWN IN VALUE?
A. The Government provides for this. You can turn your 3 1/2 per cent bond in at par as subscription for a new bond bearing the higher interest rate.
- Q. HOW IS THE LIBERTY BOND PAYING 3 1/2 PER CENT EQUAL IN ATTRACTION TO THE SAVINGS BANK PAYING 4 PER CENT?
A. It gives absolute security against loss; interest starts from the day of investment; it is secure against future taxation as well as present taxation.
- Q. WHY SHOULD I PUT MY MONEY INTO BONDS ANYHOW?
A. Your brothers are offering their lives to save the nation from the great dangers that threaten it. You are only asked to put your money into a gift edged investment that will pay interest from the day you make it. All you have in the world you owe to your country. If you fail to do the little that is asked can you look your fellow citizens in the face without shame? Do your bit to make sure that democracy shall endure in this world

WILL OPEN THE BOYES THEATRE TOMORROW NIGHT

Boyes Springs has remodeled its theatre and it will open tomorrow night. The playhouse is now equipped with the latest electrical effects and has a new maple floor which will make it ideal for dancing.

At the grand opening tomorrow night (Sunday) the famous St. Francis orchestra of Art Hickman's is to play for dancing.

Through Landers Stevens affiliation with the Pantages people the best professional talent on the Pacific coast is interested in making the Boyes Springs theatre the most attractive amusement palace in the valley. The Western State Vaudeville will feature high class acts. A "jazz" band of ten pieces, which is said to have no equal, will play for dance lovers. A saxophone artist and banjo players in this band produce jazz effects that cannot be beat. Paramount pictures will be shown. For dates see ad in another column.

MANY WITNESSES CALLED IN CASE

Judge Denny heard evidence Tuesday in the suit of Nutz vs. Marcucci, an action to quiet title. A number of witnesses were called and documentary evidence was introduced. At the conclusion the matter was taken under advisement.

Joe Garoni and J. Murphy were the first witnesses to be examined in the morning.

In the afternoon the following witnesses were examined for the defense:

Preston G. Davis, Deputy County Recorder Ralph G. Nagle, O. W. Brown, F. Pierini, County Recorder Fred G. Nagle, A. Marcucci, Italo Maffei, and Mrs. Regina Zeck.

Mrs. Zeck told of having seen the street in question open and used as a street for the past thirty years. The property in question is located at Agua Caliente.

Mr. Moch, popular manager of the Richmond and San Rafael Ferry and Transportation Company was in town Thursday in the interest of the Cut-off celebration and will placard his ferries with Sonoma's advertising matter.

Arthur Drake drove a party of friends including Mayor Von Hacht to Napa Soda Springs last Sunday.

Local Notes

Rodney Prestwood is to accept a position with a big motor truck concern in San Francisco and has excellent opportunity for advancement. Russell Prestwood is to go to Mare Island and take a job in the Navy Yard.

Mrs. George Maxwell has been suffering from a slight infection of the hand.

Hamil Wagon and George Chase will remain at the Chico Normal for the summer school work.

Little Jimmie Acquistopace, of Agua Caliente, went down to Oakland where he is spending a week with his cousin, Joseph Milio. Jimmie is "some" traveler. He made the trip alone and writes that he is having the time of his life.

Rev. Dr. Pfeiffer has resigned the pulpit in the Congregational church here owing to his leave taking for Southern California, where he will reside again.

A clam supper was enjoyed at the Congregational Church at their annual meeting Wednesday night.

Wayne Batchelor has sent some trout to his friends in Sonoma. They are speckled beauties and the editorial sanction was favored by the thoughtful soldier boy. Wayne is "some" fisherman and it was an honor to get fish from the U. S. A. camp.

A pleasant trip to Guerneville and Armstrong Grove was enjoyed by Dr. Gohar and family last Sunday.

Mr. and Mrs. George King, of Oakland, were visitors to the valley last Sunday. They are interested in locating here and if they can make a profitable trade for residence property they will make their home in our midst.

L. S. Simmons will serve light luncheons in addition to his delicious ice cream and specials the days of the celebration.

PUPILS WIN HONOR ON STAGE

Grammar School Production of "Isle of Chance" Remarkable one. Artistic Program all Way Through.

It is, seldom that one has the pleasure of witnessing an amateur production with as much merit as the Grammar School entertainment last Friday and Saturday nights.

The production was not only beautiful but remarkable when one considers that we were witnessing a very ambitious operetta with a plot both allegorical and intricate yet intelligently interpreted by pupils scarcely in their teens.

The opening number on the program "A Box of Dolls" was as pretty a little conception as ever was seen on a local stage and the participants were dear little girls every one who looked the parts they played.

Little "Japanese dolls" each in its real box in dainty kimono of flowered pattern and a dash of pink did some very clever pantomime work and then told their story of the eventual trip from the land of the Mikado to strange America and won the hearts of all. Then as the mystic hour of twelve chimed out they retired to their boxes and to the silence of doll-dom. The dainty little misses were:

Violet Bordson, Florence Campbell, Eugene Tate, Martha Price, Clerice Downe, Lizzie Alber, Marguerite Froment, Viola Cantoni, Jane Suttie, Frieda Alber, Caroline Wade, Countess Prestwood, Josie Hoover.

Part two of the program was a lovely flower drill with interpretative dancing by the talented little danseuse, Gertie Mangels, five years of age. The costumes simulated the green and pink of Spring's flowers and the girls bore baskets heaped high with blossoms. They danced and sang of Springtime, and Spring in all its youth and beauty lay slumbering until awakened by the call of its devotees. The idea was beautifully carried out, little Gertie Mangels lying asleep like a pretty cupid in graceful pose and hearkening at last to the call of the flower girls, then came the Spring dance and the child dancer proved herself to be a true artist as she interpreted the symbolic number to the always beautiful Mendelssohn music. The applause which greeted the little dancer was pronounced recognition of her talent.

The graceful flower girls were: Albina Nardi, Vesta Prestwood, Iris Melia, Gladys Zimmerman, Evelyn Peterson, Elizabeth Lewis, August Zemina, Aletha Skinner, Zolita Clerice.

The Carrington operetta "The Isle of Chance" was the grand finale. The curtain went up on a scene along the coast of the isle with the blue water of the ocean in the distance. Here are discovered the survivors of the Good Ship Ease, prey to the charm of the Follies and old King Greed. The Captain of the ship was well played by Ellis Simmons who was a natty commodore. The Follies Misses Griffith, Carriger and Maguire, were bewitchingly beautiful

and their dancing would have done done credit to a Fritz Scheff aggregation.

King Greed played by Roy Bill was in this clever school boy's usual fine style. If Roy does not decide to be in the De Wolf Hopper class it will not be the fault of his horoscope. He has natural ease, a likeable presence and an excellent voice.

The comedy parts in the operetta were well done by John Steiner who with his shadow, reflected much credit on the entire production.

On-a-Grouch was acted with no-halence and ease quite professional as was Despair. Louis Foster as "Lord Whats-the Use" the dandy of the piece was a clever impersonation of monoeled royalty. His "don't you know" and gestures were decidedly funny. Lady Frivolous (Lea Zemina) was a comely tourist and sang excellently. Simpleta (Gertrude Johannsen) in her becoming gold sweater and smart looking hat was a graceful and vivacious principal and her voice is sweet and well modulated. Harry Foster, Leroy Barr Wesley Trudgeon and the others in the cast contributed each a share to the success of the show.

The sailor lads song with the Follies was as good as many professionals and it made a big hit. The orchestra led by Miss Emilie Poppe was a splendid support and played the score with professional swing.

Miss Poppe was one of the leading directors of the entire musical production and with Mrs. Ralph Hotz and Principal Prestwood trained the talented boys and girls who acquitted themselves with much credit in this difficult operetta.

Misses Cooke, Murphy and Buchard trained the younger pupils in the "Box of Dolls" and the Flower drill and proved themselves capable and artistic instructors.

Proceeds will go to pay off the piano debt.

Dancing followed the play Saturday evening and the Auditorium was crowded to capacity.

Mrs. O. C. Benjamin and son were in San Francisco Tuesday.

LONDON BENEFIT CONCERT BRILLIANT

Mrs. Richard Rees arrived from San Francisco Thursday to assist the ladies of the Glen Ellen Improvement Club in the arrangement for the London benefit.

If you cannot attend the concert for the Jack London memorial library at Santa Rosa tonight, do not fail to go to the London ranch tomorrow (Sunday), there the musical fantasy, "Around the World in Song," will be repeated by Mrs. Rees and her clever singers from San Francisco. It is a brilliant production and in the open air setting will be doubly attractive.

Besides, the famous ranch with its many points of interest and valuable live stock will be open for the inspection of visitors before and after the concert.

The Valley of the Moon owes a debt of gratitude to the oft lamented splendid young writer who died on his beloved ranch in the zenith of his glory. Right now "The Valley of the Moon" is running as a serial in many Eastern papers, and thus Sonoma is becoming more and more famous.

Go to the concert and you will be well repaid. Mrs. Rees is a finished singer and she is giving a concert that has been successfully staged and unstintingly praised by the best critics about the bay. The performance starts at 2 p. m. on Sunday and motoring is good.

It will be a rare treat where you can mingle with the celebrities from the Glen Ellen Women's Club in the laudable work of building a library to commemorate the distinguished author.

We should be proud that Glen Ellen women have undertaken this good work and aid them as much as possible. They are to act as hostesses and will serve refreshments to all who want to make a basket picnic and a day's outing of the occasion.

The signing by Governor Wm. D. Stephens of Assemblyman Madison's Sonoma County government bill gives Sonoma Valley a new deputy sheriff.

Additional policing of the valley has been regarded as most necessary with the increasing population each season and the growing automobile traffic through this section. Guerneville also gets a new deputy.

The popular Fettes Springs orchestra has been augmented by an addition of a Hungarian organ, which cost \$1500 and is played by a skill organist. The effect is wonderful when combined with the regular string band of five pieces. The organ is like the one first played by E. M. Rosener at the Orpheum in San Francisco. "We do not hesitate to say" declared the management, "that we now have the finest music for dancing north of San Francisco" and Fettes Springs will no doubt draw bigger crowds than ever this summer.

GRAPE GROWERS TO FRAME BILL

The grape growers of California met last Saturday to discuss the advisability of initiating a bill against whiskey and the saloons, something in the shape of the late "Rominger Bill."

The meeting was attended much in the same way that most such meetings are considered in our community. When the final vote came there were 27 votes against and 72 votes in favor of such legislation, practically only one hundred of all the wine growers in this state were there to deliberate on such an important measure.

Verily: Whom the Gods wish to destroy they first make mad or indifferent! A vital question of that kind ought to be discussed and illuminated from all angles and exhaustively. But the majority of the growers there, were actually scared out of their wits and made the wine-growers an adjunct of the Anti-Saloon and the Prohibition parties.

I truly believe that this resolution is not a nail in the coffin of our existence but it is a good sized screw, warranted to hold! It is the beginning of bone-dry California and will surely be attributable to the wine-grower.

The arguments in favor of the resolution were the usual prohibition and anti-saloon league arguments, the failure of saloon regulation since 1911, the fact that there is an overwhelming opinion among all classes against the American saloon, the fact that whiskey contains 50 per cent. of alcohol, and that therefore we, the

wine growers must do something, if we are not to have absolute prohibition.

The greatest absurdity in this argument wine growers to go against whiskey, is the strong drink argument. Can not they see that if whiskey is four times stronger in alcoholic contents than wine, and should therefore be prohibited, that at the next election the same argument will banish wine, because it is six times stronger in alcohol than beer?

All these arguments are hypocritical and lose sight of fundamental principles. The use of alcohol in beverages is either right or it is wrong.

The wine grower believes that the use of alcohol in beverages is beneficial and therefore right, or the honest man would not raise grapes for wine, if he does he is a hypocrite and not honest.

That the resolution to draft an initiative along the lines of the defunct Rominger Bill was passed seems to me solely the result of cowardice. Nearly all the advocates of the measure accentuated the warning solemnly, that in order to live a few years longer as vineyardists, we must identify ourselves with the Anti-Saloon element of the state.

It is the height of weakness and shortsightedness: My right as vineyardist in the community will be based on sufferance and eventually I must go away. I do not relish to live on sufferance and would prefer in that case to emigrate at once.
